None used.

Use of resources

Were any parts of the final image traced from a photo, or using a photo as a texture? If so make sure to include citation slides for these as well.

I referenced and recreated the photo on slide 3.

Creative Process

Describe your creative process for this artwork, techniques, and anything else you would like to share. If you would like to share a timelapse video, you may include that link as well.

To begin, I looked at reference picture to get the overall composition and feel right. I used the image to help me sketch out each element, making sure everything looked proportional and accurately placed. Then, I started color blocking each element from the background to the foreground. Then, I added shadows, highlights, and textures to give it depth and realism. I finished up with final details to bring the whole scene feel complete.
